

LE PETIT  
**SAINT**

Welcome to *Le Petit Saint* - a sanctuary where beauty is revealed, not created.  
Inspired by the artistry of time, our doctors refine and sculpt your skin with the most  
advanced aesthetic techniques. Here, innovation meets artistry, peeling away limitations  
to reveal confidence, alignment, and the essence of who you are meant to be.

Le Petit Saint is an avant-garde skin clinic that offers personalised diagnostics and luxurious facials, specialising in custom doctor-led aesthetic treatments, and carefully curated wellness experiences. Located in the heart of Mayfair, this sanctuary is the creation of the visionary Dr. Joseph Hkeik, designed to harmoniously blend beauty and well-being with art and personal expression.

Le Petit Saint, London's newest luxury clinic, is the creation of Dr. Joseph Hkeik, a globally renowned cosmetic physician with over 25 years of experience. Originating from Sydney, he founded All Saint Clinic, a premier Australian destination for holistic cosmetic care. Dr. Hkeik's philosophy - enhancing natural beauty, not altering it - has earned him a loyal clientele. Now in Mayfair, he brings his expertise to London, offering world-class and tailored treatments.

"Beauty is an art form, and true aesthetic mastery lies in enhancing individuality with elegance and precision."

- *Dr. Joseph Hkeik*

“Beauty is a light that shines from within, a harmony between the soul and the body. It is not in the perfection of form, but in the balance of nature and care. To nurture one’s appearance is not vanity, but wisdom—for just as the sculptor refines the marble to reveal its true essence, so too must we tend to ourselves with patience and artistry.”

*- Through the lens of Plato and Aristotle*

# Signature Treatments

## Saint Red Carpet Laser Facial

*Holistic Rejuvenation for Mind & Body*

**Description:** Designed by Dr Joseph Hkeik and exclusive to Le Petit Saint, this iconic facial is a 90-minute, multi-step treatment delivering radiant, event-ready skin. It begins with an antioxidant peel, followed by advanced laser and LED technology. Expect instantly smoother skin, reduced fine lines, refined pores, and an even tone. With boosted collagen and no downtime, your glow is immediate.

**Areas:** Face

**Results:** Firmer, smoother, and more radiant skin with improved texture and luminosity.

**Note:** The ultimate pre-event facial for an effortlessly glowing complexion.

## Saint Quantum Lift

*Lift, Tighten & Rejuvenate*

**Description:** A cutting-edge non-invasive treatment that uses Quantum Molecular Resonance (QMR) technology to stimulate collagen and elastin production, restoring firmness, elasticity, and skin resilience. This pain-free, advanced therapy reduces fine lines, wrinkles, and scars while increasing dermal thickness by up to 20%, delivering natural, long - lasting rejuvenation with no downtime.

**Areas:** Face

**Results:** Firmer, smoother, and more radiant skin with improved texture and luminosity.

**Note:** The ultimate pre-event facial for an effortlessly glowing complexion.

## Saint Halo

### *Advanced Stem Cell Scalp Rejuvenation*

**Description:** A stem cell-based hair growth and scalp health programme designed to revitalise follicles and promote thicker, healthier hair. The treatment begins with a Keravive scalp cleanse, followed by an infusion of stem cells and growth factors, and is enhanced with phototherapy stimulation. A course of treatments is recommended to maintain optimal follicle activity and long-term results.

**Areas:** Scalp

**Results:** Improved scalp health, stronger follicles, and enhanced hair growth.

**Note:** Best results achieved with a full treatment course.

## Banana Soufflé Facial

*Hydrating & Barrier-Strengthening Facial for Youthful Skin*

**Description:** A nourishing and results-driven facial designed to restore balance, hydration, and skin clarity. This treatment focuses on barrier repair, gentle exfoliation, and glow enhancement. It begins with a double cleanse, followed by enzymatic exfoliation to smooth and refine texture. A barrier-boosting mask deeply hydrates, while LED therapy calms inflammation and targets acne. A relaxing arm massage enhances circulation, and the treatment finishes with a customised serum and moisturiser, leaving skin plump, radiant, and refreshed.

**Areas:** Face

**Results:** Hydrated, balanced, and radiant skin with a strengthened barrier.

**Note:** Ideal for youthful skin, supporting long-term skin health with no downtime.

# Aesthetic Medicine

## Aesthetic Doctor Consultation & Treatment Plan

*Personalised Approach for Natural, Optimal Results*

**Description:** A one-on-one consultation with our expert doctors to assess your goals, facial structure, and skin health. We create a tailored treatment plan incorporating non-invasive and advanced aesthetic procedures such as dermal fillers and anti-wrinkle injections. We specialize in achieving safe, natural-looking results, providing you with a seamless and personalised aesthetic experience.

**Results:** Customised, natural enhancements with long-lasting harmony.

**Note:** Your first step toward a rejuvenated, confident appearance.

## Anti-Wrinkle

### *Smooth, Natural-Looking Rejuvenation*

**Description:** Expertly delivered anti-wrinkle injections to soften fine lines and prevent new wrinkles. Targeting key areas such as forehead lines, crow's feet, and frown lines, this non-invasive treatment provides a refreshed, youthful look with minimal downtime. Using premium neurotoxin products, we ensure precise, natural results tailored to your unique facial structure.

**Area:** Forehead, eyes, frown lines

**Results:** Smoother skin, softened wrinkles, and a refreshed, youthful appearance lasting 3-6 months.

**Note:** A quick, safe treatment with no downtime-perfect for maintaining a naturally youthful look.

## Non-Surgical Rhinoplasty

*Refine & Enhance Without Surgery*

**Description:** Achieve a more balanced, symmetrical nose with dermal fillers-no surgery required. Our expert doctors use advanced techniques to smooth bumps, lift the tip, and refine contours, creating natural, harmonious results. This quick, non-invasive treatment offers immediate enhancements with minimal downtime.

**Area:** Nose

**Results:** Improved symmetry, smoother contours, and enhanced definition, lasting 12-18 months.

**Note:** A safe, precise alternative to surgery with instant, natural-looking results.

## Periorbital Rejuvenation

*Brighten, Refresh & Restore*

**Description:** The under-eye area can appear hollow, shadowed, or discoloured, creating a tired and aged look. Periorbital rejuvenation, performed by Dr Cetto, uses Redensity II dermal filler, a specialised formula containing hyaluronic acid and revitalising nutrients. This advanced technique restores volume, improves skin texture, and reduces discolouration, leaving the eye area refreshed and youthful.

**Area:** Under-Eye (Tear Trough)

**Results:** Brighter, smoother, and more rejuvenated under-eyes with no downtime.

**Note:** Minimal risks include bruising, swelling, and temporary redness, all of which will be discussed during your consultation.

## JULÄINE™ PLLA

### *Collagen Biostimulation for Long-Lasting Skin Rejuvenation*

**Description:** JULÄINE™ PLLA (Poly-L-Lactic Acid) is an advanced biostimulator designed to restore facial volume, improve skin texture, and boost collagen production. Unlike traditional fillers, this treatment works gradually, enhancing firmness and elasticity over time for a naturally youthful, lifted appearance.

**Area:** Face, neck, and décolletage

**Results:** Increased skin firmness, smoother texture, restored volume, and long-lasting collagen stimulation.

**Note:** Ideal for those seeking gradual, natural rejuvenation with long-term benefits.

# Polynucleotide Eye Treatment

## *Advanced Under-Eye Rejuvenation*

**Description:** Polynucleotide injections revitalise the delicate under-eye area by stimulating collagen production, improving hydration, and reducing dark circles, fine lines, and puffiness. This bio-stimulating treatment restores skin quality, enhancing brightness and firmness for a refreshed, youthful look.

**Area:** Under-eyes

**Results:** Brighter, smoother, and firmer under-eyes with improved hydration and reduced hollows.

**Note:** A non-surgical solution for tired, ageing eyes with minimal downtime.

## Dermal Fillers

*Restore Volume & Enhance Contours*

**Description:** Smooth wrinkles, restore lost volume, and enhance facial contours with premium dermal fillers. Our expert doctors tailor treatments to refine cheeks, lips, jawline, under-eyes, and deep folds, ensuring natural, long-lasting results. This quick, non-surgical procedure provides instant rejuvenation with minimal downtime.

**Area:** Cheeks, lips, under-eyes, jawline, chin, and deep folds

**Results:** Immediate enhancement with full results in 1-2 weeks, lasting 6-18 months.

**Note:** A safe, effective way to achieve youthful, balanced facial contours.

## HA Skin Boosters

### *Deep Hydration & Skin Rejuvenation*

**Description:** Skin boosters are injectable treatments designed to deeply hydrate and improve skin quality. Using a high concentration of hyaluronic acid, this treatment enhances moisture retention, smooths fine lines, and restores skin elasticity for a radiant complexion. It stimulates collagen and elastin production, improving texture, tone, and overall skin health.

**Area:** Face, Neck, Décolletage & Hands

**Results:** Hydrated, firmer, and more radiant skin with improved texture and tone.

**Note:** Ideal for achieving long-lasting skin hydration with minimal downtime.

# Profhilo

## *Deep Hydration & Skin Firmness*

**Description:** Profhilo is an injectable treatment designed to intensely hydrate and improve skin laxity. With one of the highest concentrations of hyaluronic acid, it spreads evenly beneath the skin to stimulate collagen and elastin production. The result is smoother, firmer skin with improved elasticity and tone, without adding volume.

**Area:** Face, Neck, Décolletage & Hands

**Results:** Hydrated, firmer skin with enhanced elasticity and a naturally refreshed look.

**Note:** Suitable for all skin types and ideal for early signs of ageing and skin laxity.

## Hybrid Biostimulators - HarmonyCa®

### *Volume Restoration & Long-Term Rejuvenation*

**Description:** HarmonyCa® is a dual-action injectable combining hyaluronic acid and calcium hydroxylapatite to restore volume and stimulate collagen. It provides an immediate lifting effect while enhancing skin structure and firmness over time. Skin becomes more hydrated, elastic, and visibly rejuvenated.

**Area:** Mid-face, Cheeks, Jawline

**Results:** Restored volume, firmer skin, and long-term structural improvement.

**Note:** Ideal for patients seeking both instant and progressive anti-ageing benefits.

# Advanced Facials

## Skin Consultation & Personalised Plan

*Expert Guidance for Your Best Skin*

**Description:** A one-on-one consultation with our skilled experts to assess your skin concerns, goals, and overall skin health. We create a tailored plan incorporating advanced facials, professional treatments, and at-home skincare to enhance and maintain your results.

**Results:** Healthier, more radiant skin with a customised plan designed to target your unique needs.

**Note:** The perfect starting point for your personalised skin journey.

## Saint RATIONALE Signature Facial

*Brighten, Lift & Rejuvenate*

**Description:** This high-performance, luxurious facial is the ultimate radiance-inducing treatment for all skin types. A powerful complex of Vitamin C is infused into the skin to brighten tone, while an Enzyme Reactivation Complex reawakens the skin's inherent glow by gently resurfacing texture and amplifying hydration. Essential vitamins are delivered through lymphatic drainage techniques to boost circulation, while microcurrent gloves lift, tone, and tighten the skin to reveal a more defined profile. The treatment concludes with LED Light Therapy for a brilliant, long-lasting glow.

**Area:** Face

**Results:** Smoother texture, increased hydration, lifted contours, and a radiant complexion.

**Note:** Ideal for all skin types seeking ultimate skin renewal and glow.

## Saint Fascia Sculpting Facial

### *Lifted Contours & Fascia Rejuvenation*

**Description:** This advanced facial pairs sculptural massage with intradermal needling of polynucleotides, glutathione, growth factors, peptides, vitamins, and hyaluronic acid. It visibly lifts and revitalises, relieves tension, boosts collagen, and enhances tone and luminosity-leaving skin sculpted, smooth, and radiant.

**Area:** Face, Neck & Décolletage

**Results:** Defined contours, improved circulation, reduced tension, and radiant, lifted skin.

**Note:** Ideal for natural facial rejuvenation with no downtime-best results seen with multiple sessions.

## Saint RATIONALE Rejuvenating Facial

### *Deep Hydration & Skin Refinement*

**Description:** This Facial is a bespoke treatment offering skin refinement while delivering deep hydration. Suitable for all skin types, this facial boosts moisture levels with a complex of Hyaluronic Acid, promoting a plumper appearance. Lymphatic drainage massage uplifts and re-energises the skin, while ultrasonic technology and LED Light Therapy enhance revitalisation, revealing a calmer-looking complexion.

**Area:** Face

**Results:** Hydrated, re-energised skin with a smoother, more radiant appearance.

**Note:** A perfect treatment for maintaining skin balance, hydration, and overall radiance.

## Saint Glass Skin Facial

*Microneedling for Radiant, Even-Toned Skin*

**Description:** Elevate your skincare ritual with this luxurious facial, also known as skin needling. Infused with a bespoke blend of polynucleotides, glutathione, growth factors, peptides, vitamins and hyaluronic acid, this treatment harnesses ultra-fine needles to create delicate micro-injuries-stimulating collagen, smoothing fine lines, refining pores and unveiling a radiant, velvet-soft complexion.

**Area:** Face, Neck & Décolletage

**Results:** Improved skin texture, reduced scars and fine lines, and a healthy, radiant glow.

**Note:** Safe for all skin types with minimal downtime-best results seen with multiple sessions.

## Saint HydraFacial Luminous Glow

*Hydrate, Brighten & Rejuvenate*

**Description:** A multi-step, non-invasive facial designed to deeply cleanse, exfoliate, extract, and hydrate using patented Vortex-Fusion® technology. Tailored to target fine lines, wrinkles, acne, sun damage, and uneven tone, this treatment nourishes the skin with potent serums, leaving it refreshed, radiant, and glowing-with no downtime. The experience includes the soothing power of LED light therapy, enhancing your skin's glow and rejuvenation.

**Area:** Face

**Results:** Hydrated, smoother, and more luminous skin with refined pores and even texture.

**Note:** Suitable for all skin types, including sensitive skin. Immediate results with no recovery time required.

## Saint Fire & Ice Resurfacing Treatment

*Exfoliate, Hydrate & Glow*

**Description:** A powerful yet gentle dual-phase resurfacing treatment designed to exfoliate, hydrate, and rejuvenate. Using a combination of glycolic acid, retinol, and vitamin B3, the warming “Fire” mask promotes cell renewal, while the cooling “Ice” mask soothes and hydrates with green tea and aloe vera. This celebrity-favourite facial instantly refines skin texture, reduces fine lines, and enhances radiance-with no downtime.

**Area:** Face

**Results:** Smoother, brighter, and refreshed skin with improved tone and hydration.

**Note:** Ideal for all skin types, perfect before special events for a luminous glow.

## Saint iS Clinical Foaming Enzyme Facial

*Deep Cleanse, Exfoliate & Brighten*

**Description:** A powerful exfoliating facial designed to clear congestion, smooth texture, and restore radiance. Using a Foaming Enzyme Masque infused with papaya and pineapple enzymes plus clinical-grade glycolic acid, this treatment deeply cleanses, removes dead skin cells, and refines pores. Formulated with pharmaceutical-strength ingredients, it brightens, tightens, and re-energises for a visibly refreshed complexion.

**Area:** Face

**Results:** Instantly smoother, clearer, and more radiant skin with a refined texture.

**Note:** Ideal for dull, congested, or tired skin. No downtime, immediate glow.

## Saint Harmony Facial

*Gentle, Restorative Care for Sensitive Skin*

**Description:** Designed for sensitive and post-treatment skin, this hydrating, soothing facial restores balance and strengthens resilience. Using bio-nutrient-rich, therapeutic ingredients, it enhances circulation, clarity, and tone, leaving skin nourished and glowing. As an iS Clinical-certified cancer care provider, we proudly offer this inclusive treatment for those undergoing or recovering from cancer therapy.

**Area:** Face

**Results:** Calm, hydrated, and revitalised skin with a healthy glow.

**Note:** A gentle, restorative facial suitable for all skin types, including post-treatment care.

# Heavenly Saint Facial

## *Luxury Pregnancy-Safe Facial*

**Description:** A soothing, botanically derived facial designed to balance and harmonise all skin concerns during pregnancy. Using medical-grade ingredients, this luxury treatment deeply hydrates, calms, and revitalises the skin while ensuring complete safety for both mother and baby.

**Area:** Face

**Results:** Hydrated, nourished, and glowing skin with a sense of deep relaxation.

**Note:** A nurturing experience designed for expecting mothers.

# Skin Rejuvenation

## SofWave

*Lift, Define & Rejuvenate*

**Description:** A cutting-edge, non-surgical ultrasound treatment that targets the full face, jawline, chin, and neck. Using advanced Synchronous Ultrasound Parallel Beam Technology (SUPERB™), it penetrates 1.5mm beneath the skin to stimulate collagen production, reduce wrinkles, and improve skin laxity. The SofCool™ cooling system ensures a comfortable experience with no downtime or incisions-just natural, long-lasting rejuvenation.

**Area:** Full face, brow, jawline, submental (chin), neck

**Results:** Firmer skin, smoother texture, and a more sculpted, youthful jawline with continued improvement over 12 weeks.

**Note:** A safe and effective alternative to surgical facelifts for all skin types.

## Saint Healing Light

### *Advanced LED Therapy for Skin Rejuvenation*

**Description:** A powerful LED light therapy treatment using Dermalux TRI-WAVE MD to stimulate collagen, reduce inflammation, and enhance skin healing. With three clinically proven wavelengths, this non-invasive, pain-free treatment improves skin tone, texture, and overall radiance—ideal for fine lines, acne, pigmentation, and redness with no downtime. A course of 10 sessions is recommended for optimal results.

**Area:** Face & Body

**Results:** Brighter, clearer, and more youthful-looking skin.

**Note:** Customisable for all skin types with targeted results and zero recovery time.

Wellness

## Saint Lumière Triple Detox

*Detox, Rejuvenate & Restore*

**Description:** A deep-cleansing, circulation-boosting treatment combining Far Infrared Rays, Plasma Therapy, and Light Therapy to detoxify, reduce inflammation, and stimulate collagen production. This powerful, multi-step approach improves skin tone, texture, and overall wellness, leaving you refreshed, energised, and glowing.

**Area:** Face & Body

**Results:** Enhanced skin clarity, improved elasticity, and a healthier, more radiant complexion.

**Note:** A perfect detox for those looking to restore balance and vitality.

## Saint Restore & Recharge

*Restore, Revitalise & Detox*

**Description:** A deeply restorative journey designed to replenish vitality and enhance circulation. Saint Restore & Recharge optimizes a 20-minute rest session in our Energy Pods, offering a multi-layered experience. During your session, enjoy listening to content tailored to each of the three key phases of a short sleep cycle, while the soothing pressotherapy boots stimulate lymphatic drainage. This powerful combination helps reduce bloating, supports recovery, and leaves you feeling lighter, refreshed, and re-energised.

**Note:** A complete wellness experience designed to restore balance and promote vitality.

## Hyperbaric Hydroxy Therapy

*Revitalise, Heal & Rejuvenate*

**Description:** A cutting-edge oxygen therapy that increases oxygen levels in the bloodstream, promoting cell regeneration, reducing inflammation, and enhancing skin rejuvenation. This non-invasive treatment is ideal for boosting energy, aiding recovery, and improving overall wellness-perfect for jet lag, post-treatment healing, and skin hydration.

**Area:** Face & Body

**Results:** Faster healing, improved skin elasticity, and increased vitality.

**Note:** A relaxing treatment with no downtime-suitable for all skin types.

## Le Petit Saint Wellness

*Holistic Rejuvenation for Mind & Body*

**Description:** Experience a tailored wellness programme designed to restore balance and enhance vitality. Your journey begins and ends with the purest Hydrogen Water and a bespoke dose of sublingual antioxidant therapy to optimise cellular health. Our expert team will curate a personalised treatment plan, incorporating advanced therapies such as the Hyperbaric Chamber for oxygen-rich healing, Triple Detox for deep purification, Psychoacoustic Energy Pods for mental clarity, and Pressotherapy to stimulate circulation and lymphatic drainage.

**Area:** Full-body wellness

**Results:** Enhanced energy, detoxification, and deep relaxation, promoting optimal physical and mental well-being.

**Note:** A fully customised experience designed to restore balance and revitalise from the inside out.
